DUST-PRINT-LIFTER

Electrostatic system to secure shoe and dust prints

Dust prints can be passed onto lifting film by use of a Dust-Print-Lifter. The transferred dust print will appear as a precise mirror image of the original print.

Dust-Print-Lifter is specially suitable for soft surfaces, cushions and carpets.

Even lift prints from rough-surfaced floor tile or irregular flooring of any kinds are possible.

Equipment of Dust-Print-Lifter-Kit

- 1 x electrostatic control unit
- 1 x earth plate 10 x 15cm
- 1 x polycarbonate insulating plate 12 x 18cm
- 5 x lifting foils
- 1 x insulated mat roller
